

OUR MISSION

- The Eyebrow Construction Company, Inc. mission is to provide a prefabricated eyebrow dormer window that will allow natural light into an attic. These units will provide a beautiful and elegant architectural roof dormer that only was previously available on a custom made basis.
- We want to revolutionize the construction and installation process by providing an eyebrow dormer window that is complete and ready to install in one day.
- The Eyebrow Dormer Window Truss Roof System will make available to all architects, builders and contractors what was previously a high end carpentry detail achieved by only a select few.
